

COMBINED DECLARATION AND POWER OF ATTORNEY

As a below named inventor, I declare: that I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment specifically referred to in this Declaration, that the information given herein is true, that I believe I am a joint inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled "METHOD AND APPARATUS FOR ACCESSING THE PERICARDIAL SPACE," the specification of which is attached hereto, that I acknowledge the duty to disclose to the U.S. Patent Office all information known by me to be material to patentability as defined in 37 C.F.R. 1.56, and that I do not know and do not believe: that the same was ever known or used in the United States of America before our invention thereof, or more than one year prior to this application or the application of which this application is a continuation-in-part, or that the invention has not been patented or made the subject of an inventor's certificate issued before the date of this application in any country foreign to the United States of America prior to this application. My residence, post office address, and citizenship is as stated below next to my name.

POWER OF ATTORNEY

As a named inventor, I hereby appoint the following attorney to prosecute this application and transact all business in the Patent and Trademark Office connected therewith:

Tim L. Burgess, Reg. No. 24,391

Send correspondence and direct telephone calls to:

Tim L. Burgess P.C.
402 Oak Lane
Houston, Texas, 77024.
(713) 467-8869

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
